NEARING COMPLETION

Some of you passing 188 JB Horne Road have seen Belinda and I remodeling a building behind our house. This "Venue" we have been calling it will serve several purposes.

I needed a larger space to conduct my firearm classes and Belinda needed a space to bake her cookies and cakes. We decided to combine our efforts and build a venue for both.

With it nearing completion We need your help. See main text for more details.

CONTEST TO NAME OUR VENUE

Belinda and I need a name for our venue. As I noted on the side it will serve both to house my gun training classes and her baking, but we thought it would also be a good small venue rental, for small rehearsals dinners, family reunions or group meetings of maybe 30 or less. Since I have built a small gun range behind it I told Belinda we could have shotgun weddings. Obviously, that didn't go over well.

We are going to do a contest that will award a \$50.00 gift certificate to Belinda's Cookie Jar or Natural Right Firearms for anyone who submits a name chosen to name our venue. To submit a name you can post on [Belinda's Cookie Jar](#) or [Natural Right Firearms](#) Facebook page.

Just a little information to help you in the contest

This building has a lot of sentimental value. This was a carpenter shop my grandad originally built when he was a building contractor. I spent many days in this shop helping him or my dad who owned South Forrest Rose Nursery build stuff. My grandad was JD Essary, he was known by most people his age as "Snooks", or Rattler. He loved the outdoors and enjoyed, like most men just getting out and piddling. He was an avid hunter and loved the outdoors. We would like to choose something that would bring honor to his legacy.

The building will function as a gun training classroom, a bakery, and as a small gathering venue.

Name Our Venue and Get a \$50.00 gift certificate

CHECK OUT MY UPDATED WEBSITE

I have an updated website to which has more information on classes I will be offering, the new gun range and yes you will be able to shop for guns online as well through [The Shooting Store](#) which is one of my distributors.

BUY ONLINE THROUGH OTHER VENDOR

Some people prefer to buy their firearms online elsewhere. As an FFL dealer we can accept transfers from other FFL dealers and conduct NCIS background checks on those who wish to purchase firearms and have them sent to us for transfer.

Fee Schedule

- Long Gun Transfer - \$30.00
- Handgun Transfer - \$30.00
- NCIS Background - \$30.00
- Private party Transfer with NCIS Check - \$50.00

NEWSLETTER

This new newsletter will aim to, (no pun intended), offer opinion, mine, on gun news, legislation, concealed carry, training and other topics pertinent to the firearm community. We will throw a few sprinkles from Belinda's Cookie jar in for those of you who have a sweet tooth. I want to be very conscious of your time, so I don't want to post this more than once per month. You will be able to follow me on Facebook also for when classes are scheduled.

UNCERTAIN TIMES

With the onset of COVID-19, I have never seen people empty the shelves of toilet paper and ammo like they have the last few weeks. With that said people who have never shot firearms are getting them and preparing to shoot. One of the most important things to remember when getting or using a gun is to be responsible. Train, train, train. Put in the time to be a responsibly armed citizen and always be careful out there.
